01. The Lord hears

I hope in You
I trust in You
I live for You
My Jesus

I'll bless the Lord
At all times
He lifts me up
When I am down

Righteous they cry out
The Lord hears them
Delivers them out of all their troubles
Out of all their troubles

I seek the Lord
He hears me
Delivers me
From all my fears

I can do all
All things through Christ
Who strengthens me
Who strengthens me

02. To live for You

Lord I can't live this way no more
My eyes have no more tears to cry
My heart is flooded with my tears
What must I do to carry on?

What should I do to live for You?
What should I say to live for You?

Sometimes the pain just gets too much
I think of You on that old cross
Compared to You my pain is nothing
Lord give me strength to carry on

When will You come back to take me home?
Lord give me hope to carry on

Dear Friends,

Spirit Filled is out of this world. It comes from the Creator of life and my best friend. God has fully and totally entered into our lives. He is here, all we need to do is reach out.

You and me, here and now are His generation. We are Jacob, the generation who seek His face. We want to be accepted for who we are, the way we are.

Having an intimate personal relationship with Jesus means that we can be who we are and all that He has made us to be without feeling pressured in today's society. Yes, He loves you exactly how you are. If you choose to reach out and fall into His loving arms you will be transformed into a new being.

It's really funky stuff!!!

Thank you to God and to all my friends who give me the inspiration to take what I feel and share it in this form. It is your smiling faces and all your hanging out that makes me want to hang out with God and write this revelation down. Maybe not on tablets but you know what I mean, our equivalent today. I would like to say that every one of us is a beautiful person created by God.

That means you.

Mountains of love,

Jacinta

And hope does not disappoint us, because God has poured out his love into our hearts by the Holy Spirit, whom he has given us.
